

NOTICE TO ESTABLISH AN EFT TERMINAL INFORMATION AND INSTRUCTIONS

This form is designed to elicit the minimum information needed by the Bureau of Financial Institutions to determine whether a particular bank ought to be given authority to establish and operate an off-premises Electronic Funds Transfer (EFT) terminal, pursuant to § 6.1-39.4:1 of the Code of Virginia. Notice is required in the case of any off-premises terminal at which deposits are received or recorded or loan proceeds disbursed. Additional information may be required in some cases, and the right to request such information is hereby reserved. When space allowed is insufficient, a separate page should be used. Additional information and documents must be filed on **8½" x 11"** paper.

The following documents must be submitted with the notice:

1. A check for \$350, payable to the Treasurer of Virginia.
2. The bank - customer agreement governing use of the terminal and setting forth the rights and liabilities.
3. A sample transaction record and periodic statement.

Any terminal for which notice has been submitted may be opened for business after twenty-five days have elapsed from the date on which the notice was received by the Bureau, unless prior to the expiration of twenty-five days the Bureau has notified the bank not to open the proposed terminal. In any case, a terminal may be opened for business as soon as the Bureau approves in writing the request for such terminal.

As a general rule, documents filed with the Bureau of Financial Institutions become part of the public record. Upon request, the Bureau will consider for confidential treatment any documents or portions of the application that the applicant considers of a proprietary and personal nature. The request for confidential treatment must discuss the justification for the requested treatment, specifically demonstrating the harm (for example, loss of competitive position or invasion of privacy) that may result from public release of the information. Information for which confidential treatment is requested should be: (1) specifically identified in the public portion of the application (by reference to the confidential section); and (2) specifically separated and labeled "Confidential". The Bureau will advise the applicant if the request for confidentiality cannot be honored.
